General Report Comments: I saw 1x pitbull x labrador male on a long chain without a collar. Mrs. Philander told me that Zeus has killed another dog over the weekend and that is the reason why he is now tied. I also noticed that Zeus is starting with a skin problem and that he has fly strike wounds on his ears. Water, shelter and food is available and his body condition is acceptable. I spoke to Mrs. Philander about my concerns. I issued warning W6598. Will follow up.
