Comments:	Mrs. Hellenberger contacted me regarding the warning that I issued the day before. Mrs. Hellenberger told me that she thinks that another dog attacked the wirehaired over the fence that's why the wirehaired has a wound on his neck. Mrs. Hellenberger told me that the wound is not that bad and that they immediately went to buy Wound-Sept Plus to treat the wound. She told me that she cleanse the wound every day and then apply the wound spray,she also told me that the wound is starting to get dry. Mrs. Hellenberger said that she will be home on Friday and then I can come and meet her at her house. Will follow up.
