General Report Comments: I was met by Mr. Williams who is the owner of the dog. Mr. Williams has adhered to the warning. Bully's kennel was fixed, wooden floor inside the kennel with blankets that Bully took out while I was busy doing my recheck inspection. Bully was also moved to a cleaner space in the yard where there not a lot of rocks and stuff that can tangle his chain and where there is more shade . Bully's water and food bowls was also moved into the shade. I called the complainant Mrs. De Lange and she told me that she saw that Bully was moved and that they cleaned his living area and that she is glad that we went out. Mrs. De Lange wants to donate artificial grass and latte to make a afdak for Bully and asked if we can collect the stuff as she does not want Mr . Williams to know that she is the person who complained. Will follow up.
