General Report Comments: I was granted access to the property by the owner Mr. Philander. We went to the back where I observed 1x Collie x male called Patches and 1x terrier x female called Lady. Patches the Collie x male is a bit underweight but he is 12 years old according to Mr. Philander. The dog lady is in acceptable condition and Mr. Philander told me that they get the same amount of food. I told Mr. Philander to put Patches on puppy as it has more nutrition then adult dog food and also because Patches is old. Mr. Philander told me that he will do so. Water, food and shelter observed for both dogs. Will do a recheck within 2x weeks to check on Patches weight.
