General Report Comments: Manager Inspector Van Zyl and I was granted access to the property by Mrs. Berinda Basson who is the owner of Ormonde wine estate. I explained to Mrs. Basson that the SPCA has received a complaint about a swan that is walking wobbly and looks injured. Mrs. Basson told us that the swan in question is 16 years old and the reason she is walking wobbly is because her webbed foot was amputated by the vet 12 years ago because of a injury. She said we are more then welcome to go look at swans. We went to the dam on the property where I observed 2x white swans swimming in the dam with +- 8 ducks. No welfare concerns was noted. I called the complainant, Mrs. Duffus and told her about my findings she understood and thanked me for going out. NFA until further notice.
