General Report Comments: While doing door to doors I came across a white and brown Jack Russel x female roaming the streets. I could clearly see that the dog has mange. I followed her home and a lady who introduced herself as Ms. Reid came out. I asked Ms. Reid if the dog is being treated for the skin condition and she said no. I explained my welfare concerns and advised her on what products she can use for the skin condition. I issued warning W6966. Will follow up.
