General Report Comments: I was met by the Mr. Marawule who gave me access to the property. On the property I observed 2x terrier xbdogs 1x male and 1x female. Both dogs are unsterilized. The 2x dogs body condition is acceptable and does not look like dogs that is not being fed. Water and shelter is also available. I called the complainant to ask what exactly the complaint is and he told me that he is feeding the dogs and I stated to the complainant who is the owner of the dogs brother that his whole family was present when I spoke to his brother and they all confirmed that the complainant is lying. The complainant also wanted the SPCA to donate some dog food to them and I explained that we don't do that. No welfare concerns was observed. NFA until further notice.
