General Report Comments: On saturday Gaenor phoned to inform me that she wanted her dog back. I niformed her that the SPCA will only release the dog if all the walfare concerns observed are fixed . She informed me that she did rectify the problem. I went to the property and i observed a kennel and her husband was busy with the running line. I stopped at the property on sunday morning on my way and the running line was made available for the dog and i released the dog after i was satisfied with the new living condition of the dog. I went back to observe if the dog is still on the running line. There is no walfare concern
