Follow-Up Date:	2025-09-19
Comments:	Inspector Chiwawa went to do a recheck to follow up on the warning that I have issued the week before. Inspector informed me that the owner was not there and that the puppy is also gone. Inspector Chiwawa asked the people who also stays there if they know where the puppy is and they said they don't know where Waylin the owner took the puppy. Will do another recheck to see if the puppy hasn't been returned,because this is what some people do when we issue them with warnings,,they hide the animals until they think the coast is clear. Will follow up.
