General Report Comments: There were no people at home,I saw 1x tricolor terrier x male on a running chain without a collar. I think the reason the dog is on a running chain is because the property is not fully fenced. Water and shelter is available and the dogs body condition is acceptable. Living area is also clean. I issued warning W6984 to provide the dog with a collar as the the raw chain can cause injury to the dogs neck. Will follow up.
