ANIMALS IN GOOD CONDITION	No ***	The dog is a bit underweight due to having puppies.
VETERINARY PROBLEMS / HEALTH CO	No	
CONFINEMENT OF ANIMALS	Free roaming - in property	

General Report Comments: Neil the owner gave me access to the property where I observed 1x brown pitbull female loose on the property. The female was in a fight with another dog in the street, complainant was worried that she is injured. The female only has a scratch on her nose and no other wounds was observed. I asked Neil why the female is underweight and he told me that she had puppies. I asked what food is he feeding her and he showed me a bag of Bobtail adult dog food. I did observe water and food at her kennel. I asked Neil to buy puppy food and then to mix it with the adult food as puppy food has more nutrition then adult dog food. Neil said he will do that to get the female pitbulls weight back. I will do a recheck to see how the female is doing and if the owner has bought the puppy food.
