General Report Comments: Chris Gwadiso gave us access to the property. I told Mr. Gwadiso why I'm here and he took me to the puppy that is at the side of the house. I saw 1x black and tan German Shepherd puppy with a docked tail. I asked Mr. Gwadiso what happened, according to Mr. Gwadiso the trailer fall onto the puppies tail and that's how the tail got docked. I asked him if he had cut the the tail and he said no he did not cut the puppies tail. The also does not have shelter where he currently is and only has shelter when Mr. Gwadiso take him to the garage in the afternoons. The water was dirty and not potable. I issued warning W6990 to get the puppy to a vet within 24hours,to provide shelter within 7x days and to also make sure that the puppy has potable drinking water available. Will follow up.
