General Report Comments: While doing a collection I saw a tan terrier xbmale with what appears to be a wound on his neck. The owner came out and introduced himself as Rowan Adams. I asked Mr. Adams what happened and he told me that some other dog attacked his dog. I explained to Mr. Adams that the dog should receive veterinary treatment as the wound can get infected. Mr. Adams told me that he can't afford a vet. I told Mr. Adams to surrender the dog and he did. Refer to admission D14836. No other animals on the property. NFA until further notice.
