Comments:	Suzette approached me when I was at house number 67 Harvest Sun street and informed me that she does have a dog which she want to give away to the SPCA. She then informed me that she wanted to inform her husband first and I offered her the a phone to make the call but she said that she does have airtime and she left. She then came back to remind me that I must not forget about her dog. When I was done with the people at house number 67 Suzette was standing at her gate and she brought the dog named Diego out of the property and I helped her to load the dog into the SPCA bakkie . The admission number is E1294
