Upon arrival, Mr Slamson was not present at the premises.

While at the location, I encountered two children in the area who identified themselves as Mr Slamson's children. The complainant observed the SPCA vehicle and approached me.

Shortly thereafter, two dogs appeared on the street. The complainant positively identified them as the dogs he had complained about.

I attempted to catch the dogs and admitted them as stray dogs. The dogs were identified as follows:

- 1 male Africanis, brown in colour
- 1 female Africanis, brown in colour

The female dog presented with visible signs of mange and was in poor body condition.

Both dogs were then transported and admitted to SPCA Darling as strays.

Dogs impounded as strays and admitted to SPCA Darling.NFA
