General Report Comments: On my arrival I did not find anyone available in the premises. I then observed the brown Africanis dog on a static short chain attached to the collar around the dogs neck. The dog appeared physically looking underweight. Water was available, living environment was cleaned, and adequate shelter was available.

I then went to the neighbor and asked if they know where the owner of the house could be. They replied that they only see the kids and suspect that the owner stays in piketberg.
I then issued a notice to comply and handed over to the neighbors to give it to the occupants of the house. The notice was accepted by Mrs Julius at house no. 8 Hof street Riebeeck West.
