CHECKLISTS

General Report Comments: On my arrival at the premises to conduct a follow up inspection, I found that there was no one available at the premises.

The dog was no longer present on the premises. I walked around the house and could not locate the dog. The house appeared to be empty inside.

I proceeded to the neighbouring house at No. 8 to make enquiries. The neighbour confirmed that after she handed over the notice letter to the occupants, she did not see the occupants or the dog the following day. She stated that she does not know where they might have relocated to.
