CHECKLISTS

General Report Comments: On my arrival in Chatsworth, I proceeded to the address as provided by the complainant.

Upon arrival at the premises, I found that there was no one available. I was able to observe a horse cart inside the premises through the perimeter fence.

I conducted enquiries with members of the surrounding community. They confirmed that children have been seen riding a horse that appeared to be injured, however they could not provide the exact address or whereabouts of the said children.

I proceeded to patrol the surrounding area in an attempt to locate the children and the horse, but I was unable to locate them.

Furthermore, I conducted a visual inspection of the premises under investigation through the fence. At the time of inspection, there was no sign of a horse present on the premises.

No horse was present for inspection at the time. No owner available for interview. Area will need to be re-inspected.
