General Report Comments: On arrival I met Mrs Petula Fortuin and she gave me the permission to do the inspection. There is a male Pitbul x dog on this property. The dog is on a long rope and he does have access to fresh portable clean drinking water. There is shelter available but there is a lot of rubbish inside the kennel. I issued a warning advising Mrs Fortuin to clean and hygienically maintain the living area of the dog. The dog's body condition is fair and acceptable.
