General Report Comments: On arrival I met Mrs Elsie Lyster and she was so upset when I introduced myself and explained the reason of my visit. She then allowed me into the property where I observed a male Pitbul x black,brown + white named Whiskey. The dog is in a fair and acceptable body condition. Mrs Lyster informed me that they washed the dog with tick and flea shampoo. Whiskey is not sterilized and I asked Mrs Lyster if she wanted to have the dog sterilized and she informed me that she hasn't decided to do so. I observed two dog kennels,food and fresh drinking water. I didn't observe any contravention of the APA.
