Provide the animal's with sufficient water 24

You are hereby instructed to:

1. Clean and hygienically maintain the animal's living environment within 48 hours (all lying physical hazards, pallets, rubbish bin, loose wires etc) must be removed and taken away from the animal's living environment.

2. Unleash/unchain the animal's immediately to roam freely inside the property or to place the animal's on a "running wire" within 6 days (a run wire should be as long as possible and a minimum of 5 meters long with a light chain to the collar, animal's should have easy access to sun, shade, shelter, food and water).

3. Your animal's appears physically having ticks and fleas (external parasites) on their external body coat or skin, provide the animal's with adequate veterinary treatment to get rid of the external parasites within 24 hours.

This notice has been issued in terms of the Society for the Prevention of Cruelty to Animals Act No 169 of 1993 and refers to the Animals Protection Act No 71 of 1962.
