| Inspector:   | MPHO BALOYI  |

---

|                 |                                                                                                                                                                                         |
|-----------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Type:           | COLLECTION - ANIMAL COLLECTED                                                                                                                                                           |
| Follow-Up Date: |                                                                                                                                                                                         |
| Comments:       | Owner contacted the spca that she has sick dog and does not have transportation and can't afford veterinary treatment, on my arrival only to find that it's 6 puppies that I collected. |
