Comments:	Description: Good day. We have encountered that this household is neglecting their animals and not properly looking after them. They currently have 4 puppies on the yard which is severely starved. On Thursday one escaped and a citizen took the puppy in and to the vet which discovered that the pup of 5 weeks old had cat flu. We believe the rest of the 4 pups might also be sick and suffering. It is an ongoing concern as this is not the first time Law Enforcement had to intervene, last year other dogs were also removed from their home. The owner, Ashley, do not want to accept help from the community but also do not want to change in behaviour. Please assist swiftly.
