Comments:	On my arrival in Riverlands Malmesbury, I went around searching for an injured horse in the bush along the railway side, I managed to find the horse, the back left leg of the horse appeared looking badly broken, fortunately one of public member knew the owner of the horse and he directed me to the house, I fond the wife of the husband owner of the horse, they both agreed that the horse is suffering and it's good decision to humanely put it to sleep, the wife signed admission as request for euthanasia, then I humanely put to sleep the horse.
