General Report Comments: The owner of HAWK animal rescue Andre Verbiest gave us access to the shelter . Field officer Mpho and I started to count the dogs and also checked the dogs for external parasites. We've counted +- 56 dogs. We went into the building where Andre normally keeps cats but there were no cats inside the building. We proceeded through the house to see how the dogs inside are doing . No injured or sick animals was observed. The animals all have access to water,food and shelter. Will do a routine inspection.
