General Report Comments: The dog named Bella was hit by a car but she only suffered a few scratches. She is not injured. Bella is underweight and her body condition needs to improve. Bella also has a skin condition which is in it's early stages. Bella's two puppies are in a fair and acceptable body condition. The people from RAW advised Mariska that they will only sterilize the dog when the dog's body condition improves. I issued a warning and I will recheck
