General Report Comments: This is the first time that I've met Mandy who is the owner of the property and the dog. The dog was standing in front of the entrance to the property and Mandy informed me that the dog always escapes and likes to be at the neighbour's house. The dog is still underweight but Mandy showed me dog food and a Pet Tabs Forte supplement. She informed me that she was previously struggling financially but now she can afford to buy dog food. I observed water, food and shelter. Mandy informed me that she want to sterilize the dog because the dog is always out in the street but she doesn't have the financial capacity to have the dog sterilized. I will do a follow up and speak to Louise to see if the SPCA can't help with the sterilization.
