General Report Comments: Jessleen is girlfriend of Kevin and she allowed me to conduct the inspection after I observed the pitbul on an entangled chain. There is four dogs on this property and all of them a loose except the male pitbul named Goku. Water,shelter and food was observed. The living environment is clean. All the dogs body condition is fair and acceptable.Goku's chain is long enough but there is no swivels available so the chain ends up tangled.Kevin is a fisherman and he is on sea at the moment. I issued a warning advising Mr Kevin to provide some swivels to enable the chain not to entangle.
