General Report Comments: The black + brown dog's neck is injured as a result of not providing a collar for the dog. Fundiswa informed me that she was having issues with the public who reported her because of the dogs chasing people in the streets. She couldn't explain to me what exactly was around the dog's neck. There is no shelter available for all the dogs. They are sleeping under the car. Drinking water was available for the dogs. Fundiswa surrendered two dogs. There is one dog left on the property. The other surrendered dog's body condition is fair and acceptable so as the remaining dog.
