The owner of house given by the complainant is Mr Christopher Van Wyk and he does have one dog a male jack russel terrier white + black in color. There is two adult dogs at the correct address and the reported dog was injured when he was still a puppy and now he walks perfectly despite the dog being crippled. The female pitbul is pregnant. Both dogs has ticks. There is no shelter available for the dogs. I explained the outcome/ findings to the complainant and he wanted to see the pictures which I took.I issued a warning advising Lungiswa to:
