General Report Comments: On my arrival, I went into the premises and it seems at first there was no one available, but I just kept on waiting and a white husky female dog came out of no where within the area street coming into the same house to be investigated, and not so long a child(girl) arrived wearing school uniform seemsshe was coming back from school, and she went into the house and called her mother and her sister, they both came out and the mother was not feeling good about my presence as SPCA and she started shouting that I am not gonna take her dogs, I replied I a not here to take any dogs, I am here to discuss and educate you about your animals, she never stand to listen to anything that I wanna say to her, fortunate part her eldest daughter said the dogs belongs to Mr Keenan, and I asked for his number the mother refused and even called police, I then issued a notice to comply and gave it to the eldest daughter as they all did not wanna share their identity.

As by the time they opened the door, the saw the dog husky and sae time they called the dog and it went inside the house.
