General Report Comments: Frikkie who is the owner of the dogs was said to be at work and I met his wife who introduced herself as Elsca Coetzee. There is no fencing around the property. I observed two male pitbul dogs on this property. The dog named Zulu is on a very short chain of about 1-2m long with a collar on. There is no swivels available on both ends of the chain. Zulu is using an old steel drum as shelter which is not adequate especially when the weather is too hot. On arrival there was no water available for Zulu and I asked Elsca to provide fresh drinking water whilst I was still on the property and she did provide the water. The juvenile dog named Royals is running freely despite the ptoperty not having fencing. Royals is sleeping inside the house. Both dogs body condition is fair and acceptable. I issued a warning and I will. Refer to warning number W6775
