General Report Comments: There was no people at home and one neighbor showed me an address in the same street (number 15) and Adele is the owner of houses number 1 and 15 Neptunus street. Sabelo Tabata is renting at number 1. Adele opened the gate for me and she was upset about the dog's body condition. I asked Adele to provide water for the dog and she went back to her house to get dog food. The dog is underweight and the body condition needs to improve. There is a lot of old dog feces lying around which attracts flies that end up biting the dog's ears. The chain on the dog is more than 5m long and is acceptable. It observed a collar and shelter. I issued a warning advising Sabelo to:

- (1) provide the dog with adequate food
- (2) provide the dog with potable drinking water 24hours a day
- (3) seek treatment for the open wounds on the dog's both ears
- (4) clean up the old dog feces
