Follow-Up Date:	
Comments:	On my arrival, I was welcomed by by Mr Jaward, I observed the same male white pitbul that was no longer on a chain but roaming freely in the yard, the owner decided to make a partition between the shack and the house to prevent the dog from going outside the yard because the premises is not adequately fenced, by partitioning it also allowed the dog to gain access to the other side portion in the shack is it's shelter. Water was available, living environment was cleaned, sufficient space was available. Owner was educated by sterilization.
