General Report Comments: On my arrival, I was welcomed by Mrs Avangeline Croy, the owner of the dogs, I observed 5 Africanis dogs(3 puppies, 1 adult female and 1 adult male) all the dogs appeared physically not looking in their external body condition, shelter was available, water was available, living environment was cleaned, I then educated the owner to take the dogs for adequate veterinary treatment, unfortunately she sad she can't afford to render veterinary treatment for the dogs due to financial challenges, she then said I rather take the dog with me to Spca as surrenders. I then took the dogs to the spca Darling.
