General Report Comments: Charmelee who is daughter to Charl Abdol was at home and granted me permission into the property. I observed two dogs, a female x breed dog named Sox and a juvenile male dog named Bolo. The dog named Bolo looks blind as both eyes are white. The owner contacted me and confirmed that the dog is blind. The dog named Sox is on a long rope joined to a chain and he does have a collar and access to drinking water and shelter. I issued a warning advising Mr Abdol to seek vet treatment or have the dog accessed by a vet to confirm if the dog doesn't need treatment for the eye condition
