General Report Comments: There were no people at home upon arrival. On the property I saw 1x white and black Maltese x dog,I could not see if the dog is male/female because the dog is severely matted. I also could not see if there is water or shelter available. I could not see any hair loss on the dog,just that she has not been groomed in a very long time. I issued warning W6815 to groom the dog within 72 hours. Will follow up.
