General Report Comments: Laurika stopped me to inform me about her puppies that are sick. We went into the property and I observed four puppies that didn't look well. I asked Laurika about the mother and she informed me that she does have two adult dogs and they are rarely at home as they are always in the streets. I convinced Laurika to surrender all four puppies. I observed water and shelter. I issued a warning advising Laurika to seek vet treatment for any sick or injured animal in future. I will recheck so that I can assess the body condition of the two adult dogs that were not at home
