General Report Comments: I was met by Jeanne the owner of the dogs in question at her property. Inside the yard I observed 1x brown and white German pointer male called,Choppie that is very active and 1x white and brown Jack Russel x female called,Jesse that is a very playful. Both dogs is in acceptable conditions. Water,food and shelter is available. Jeanne told me that she only puts them in the garage when she has to go somewhere because she is afraid that Choppie can jump the wall. Inside the garage there is water and food available and the garage is also clean which indicated to me that the dogs don't stay in the garage for long periods of time. No welfare concerns was observed. NFA until further notice.
