General Report Comments: There was no people at home. I saw 1x brown and white pitbull female inside the property. I don't have any access to the property so I don't know if the dog has shelter or water available. I saw that the female pitbull has a wound on her neck, wound appears to be dry and not bleeding. I called the dog but she refused to come to the gate so that I can inspect her up close. I issued warning W6829 for the following.
* Provide the dog with adequate wound spray like F10 to treat the wound.
Will follow up on Friday.
