General Report Comments: There is four adult dogs on this property and all of them are sterilised. The African Grey's cage is clean and well maintained. I observed water, food and shelter. The living environment is clean. Two of the dogs are very old but their body condition is fair and acceptable. After giving the complainant feedback, he informed me that he was worried about the number of the dogs on the property of which I advised him that when it comes to the amount of animals per property it is a Municipal Bye-Law issued and the Law Enforcement are the relevant officials who can enforce the Bye-Laws. There is no contravention of the APA
