General Report Comments: I saw this white and brown pitbull male on a +-5meter long chain that is a attached to a pole underneath the a self made carport. Upon closer inspection I could see that the dog does not have a collar around his neck and is chained with the bare chain around his neck. I could not see any shelter for the dog. Water is available. The dogs body score is acceptable 3/5. The dogs living area is also clean. I issued warning W6820 for the following.

- * Provide shelter for dog.
- * Provide the dog with a proper collar.
- * To install a runner so that the dog can have more space to move around .

Will follow up.
