General Report Comments: While busy with my door to door at 2 Chikapa str, Vredenburg I looked to the neighbours side and saw a black and white female terrier x with what appears to be a skin condition. The skin condition is not that severe and if not treated will definitely become severe. There was no people at home to speak to, the door and windows were all shut. I did observe water and shelter inside the yard. I issued warning W6821 for the following.
* Provide the dog with adequate skin condition treatment.
* I also mentioned on my warning, if treatment can't be afforded that they can surrender the dog to the Vredenburg SPCA.
Will follow up.
