General Report Comments: While driving around doing door to doors I came across this black Africanis male on a long rope that is tangled. The dog also don't have a collar around his neck. The living area is not clean and a lot of foreign objects lying around that restricts the dog from moving easily. The dogs body score is acceptable,3/5. I also saw that the dogs water bowl is empty. I issued warning W6822 for the following.

- * Provide the dog with fresh potable drinking water at all times.
- * Clean the dogs living area.
- * Provide the dog with a proper collar.

Will follow up.
