General Report Comments: There is four adult dogs on this property and the correct address is House number 2 Biskop street,Diazville. There was a lot of people going in and out of the property and Ayabonga looked drunk and he couldn't give me the exact names of the male dogs. All four dogs have mange. The female dog named Meisiekant is also pregnant. I convinced Ayabonga to surrender all four dogs but he refused and he later agreed to surrender the female dog. There is no shelter available for all the dogs but Ayabonga showed me some wooden planks that he claimed are meant for building some dog houses. I observed water. These dogs go in and out of the property because of the frequent movement of people into the property. I issued a warning for the following APA contraventions
(1) non availability of shelter
(2) treatment of all three remaining dogs skin problem
