General Report Comments: According to the complainant there was three horses in a camp where there is no trees to provide shade and there is no water available. The camp in question is in Abbotsdale next to the old Malmesbury- Kalbaskraal road. On arrival I observed one stallion Arabian/boerperd cross. I asked around and I was directed to house number 122 Winkel street. I met Milroy Isaacs and he took me to the camp. He informed me that a lot of people bring their horses to that camp so he cannot tell me exactly whose other horses were in that camp as they bring them in and out. There was no water available nor trees that can provide shade for the horses. Milroy immediatly removed the horse and took the horse to a camp where there is flowing water and big trees. I issued a warning for contravening the APA by:
(1) unavailability of drinking water
(2)no shelter or shade
