General Report Comments: I received this complaint from Cheryl Mizert and she informed me that after trying to speak with the security guard driving the bakkie, he sped off. She managed to get the company name and she gave it to me. I then went to the Darling swimming pool where I met Mr Mwandile Edward Mbangula who is the security guard that was driving the PACRS Security bakkie. He informed me that he drove off because of the way the complainant spoke to him. I went to inspect the trailer which the company is using to transport the dogs and it is roadworthy. I then proceeded to the relief camp where I observed an adult Alsatian cross male dog named Anza. I observed water and inside the relief camp there is a dog kennel. The dog's body condition is fair and acceptable. I didn't observe any external parasites on the dog and the nails are well trimmed. I didn't observe any APA contravention but I will forward this case to Paarl SPCA for them to do a welfare inspection at the company premises as this area falls under their area of jurisdiction.
