General Report Comments: While doing door to door,I came across a brown terrier x female on a +-6 meter long rope that was tied to a concrete slab. The dog is provided with a collar. I went onto the property and a lady came out,she introduced herself as Ms. Engelbrecht,the owner of the dog called Lady. I asked why Lady's water bowl is empty and why she doesn't have shelter. Ms. Engelbrecht asked her son to fill the water bowl. Ms. Engelbrecht told me that Lady sleeps inside the house,but they let her out to do her thing,I told Me. Engelbrecht that the dog must have shelter for when she is outside. The reason why they can't let Lady loose is because the property is not enclosed. I issued warning W6830 for the following.
* Provide the dog with adequate shelter.
* To always make sure that the dog has fresh potable drinking water available .
Will follow up.
