Type:	GENERAL
Follow-Up Date:	
Comments:	On my arrival at Sakor Transnet property , I met Mr Williams Tjantlies who contact the spca , he took me to the railways stop parking side station , I observed a female brown and white goat lying on the side of the railway, we both walked towards the goat and it stood up and immediately walk away from us, we then helped each other to catch the goat, we managed to catch the goat and physically examined if there are any visible injuries, unfortunately the goat did not look physically injured or had no physical veterinary problems or health concerns. The goat looked physically good in condition.
