Comments:	I went to 5 Samaai str, Laingville to speak to Elriska Vlotman who is the boy who gave the dog to Sarah Adonis from CARE,mother. I told Elriska that Deon denies amputating the puppies tale and that the 4xpuppies that is left tails are all intact. Elriska says that her son now says that he found the puppy in the street that's why they gave the puppy to Sarah Adonis from CARE. I asked Elriska if her son had anything to do with the amputation of the puppies tale and she said no. There are no other animals on this property. NFA until further notice.
